

This
great,

traumatic,
dramatic,
beautiful,
crazy,
terrific
year.

1978 our way

OUR WAY 1978

GROWING UP

It started when we began to
Reject Mother's arms for
Our own results.

It continued on when we
Bravely stepped onto the bus
Our first day of school.

From there it continued through
Our 100's in Math to our
50's in English.

After that it was our first time
At being left home alone
Without a babysitter.

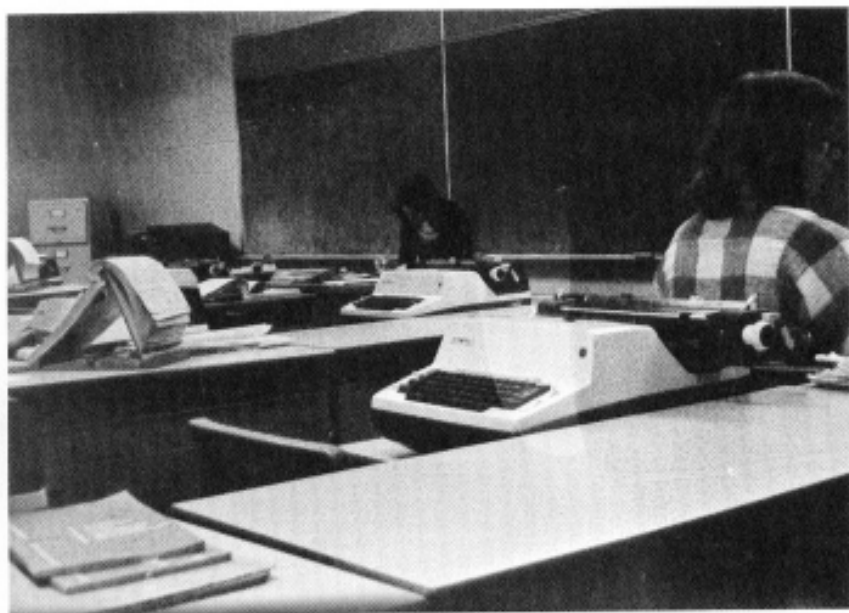

Continuing to our very first date.
Wasn't that an event we'll
Never forget!

By and by, until we
Were allowed to stay out
Until midnight.

Gradually diminishing our high school
Years of fun and friends. A time
Of becoming more mature; wiser,
Drawing near to the moment
We've all been waiting for.
Our Graduation Day, our diploma,
Being considered young adults,
A world of discovery awaiting us.

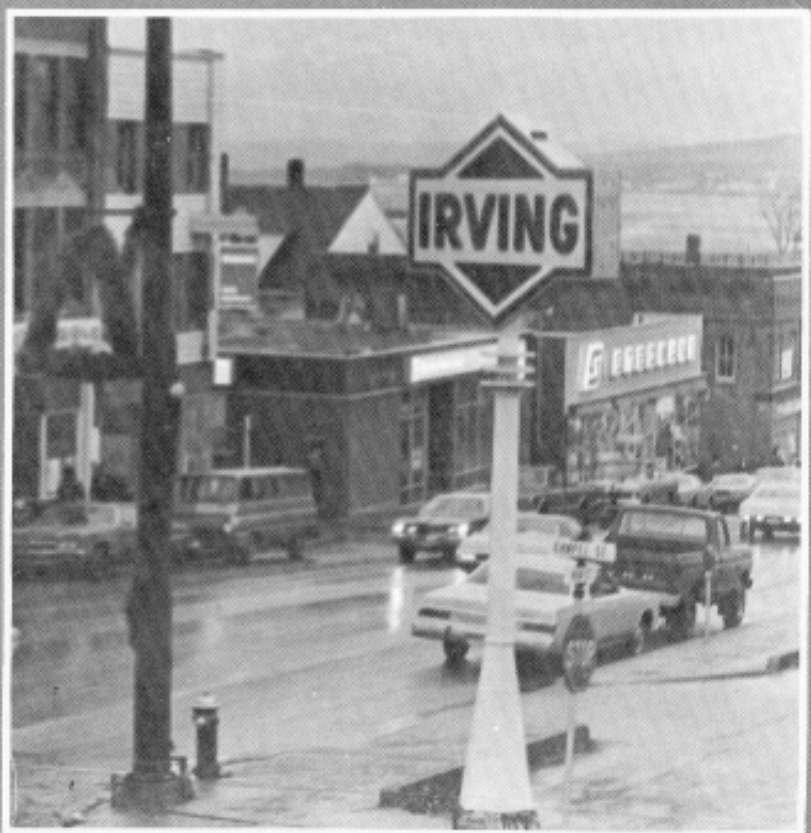

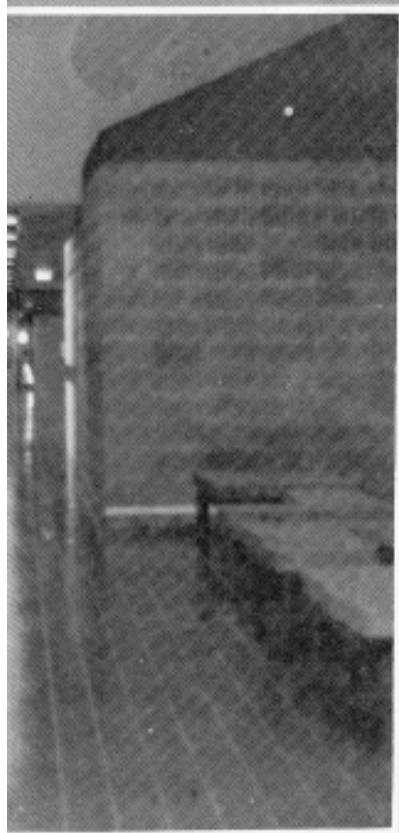

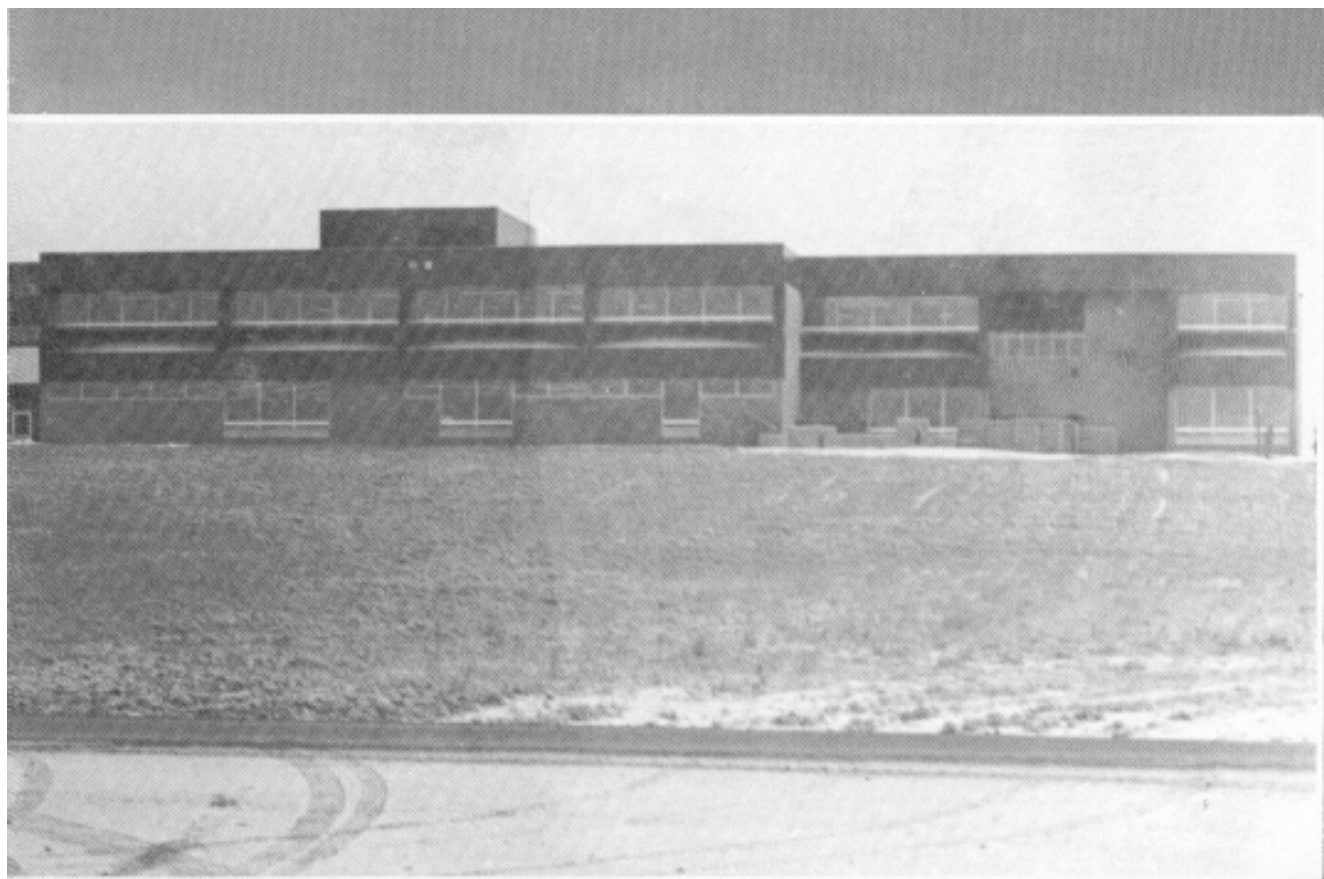

To the graduate; GOOD LUCK!

A black and white photograph of a forest. Sunlight streams through the trees, creating a dramatic effect with bright rays and deep shadows. The trees are tall and slender, with their trunks visible in the foreground and background. The foliage is dense, and the overall atmosphere is serene and natural.

Dedication to Retiring Teachers

The graduating class of 1978 wishes to thank all the retiring teachers who have given us their support and ready assistance in our school years.

PRINCIPAL'S MESSAGE

As the first graduating class from Woodstock High School 1977, you and all the students are to be congratulated for your initiative and support in the building of a superb school environment and positive atmosphere. Your traditional involvement in student activities continues to foster a strong and sincere concern for your school and community.

On behalf of the staff and myself I express a sincere thanks to each student for cooperation over the past school year. Best wishes to each senior on future endeavors.

ASSISTANT PRINCIPAL'S MESSAGE

In the near future, you will have reached the end of your schooling, so may I add these few remarks. In a few years you will be on the stage of action, doing the work of men and women. Will you be successful? That will depend on what you know. And what you learn in the school. The years are going by very quickly and you will be obliged to put your knowledge to the test very soon.

Have a mark, young people; aim for it, and you will rise vastly higher than you will if you have no purpose in life. And now, I wish you on behalf of the teachers, friends and parents, the best wishes for success and happiness.

Faces of Graduation

Faces of old and faces of new
People we know and people we knew

Growing together then drifting apart
Always an ending and now a new start

At graduation we all grow nearer
And all our friends seem so much dearer

And as we say our final good-bye
One last embrace and one more cry

A "keep in touch" and a "promise I will"
A "remember when" but, better still,

A place in my heart you'll always stay
This is what's said as we go our own way.

My Favorite Things

Walking on beaches
Salt water spray
The cry of a seagull
Red rock and clay
Singing a new song
Playing guitar
Thinking of nice things
Driving a car

Going for walks
New fallen snow
Skating and dancing
A good picture show
Hot summer sunshine
Fresh brooktrout fried
Swimming and boating
A motorbike ride

Skippling through meadows
Jumping in hay
Strolling through forests
A bright sunny day
Smiling about things
A good Newfie joke
Lighting a campfire
The smell of woodsmoke

Meeting new people
Making new friends
Watching a sunset
As a day ends
Walking at sunrise
The loon's lonesome cry
Fast running rivers
A bird in the sky

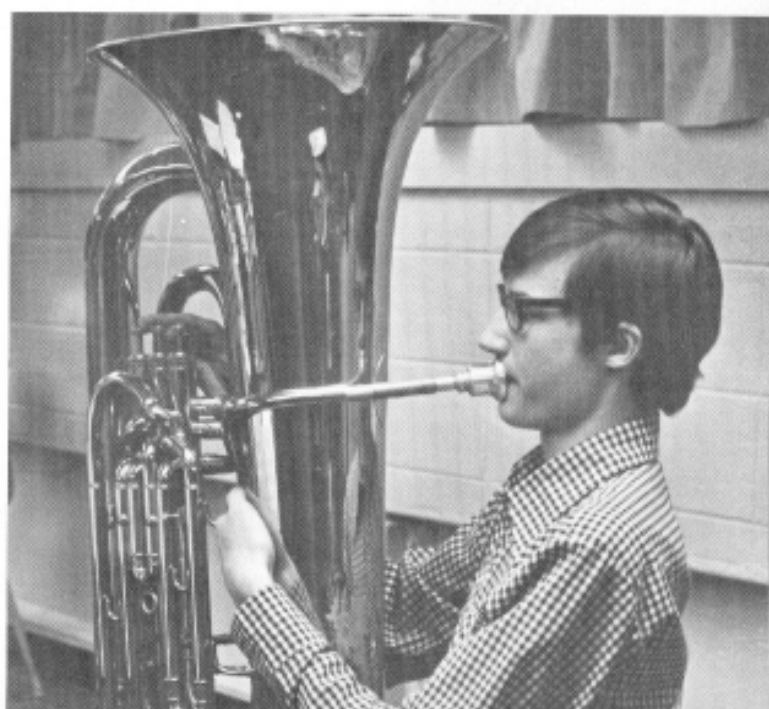

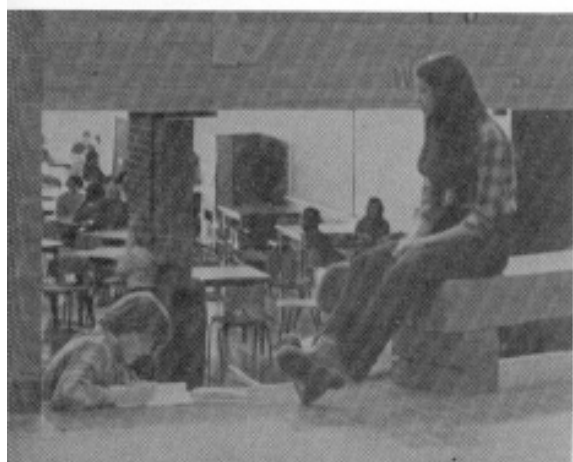

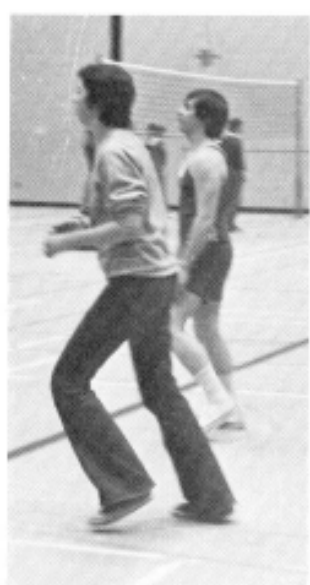

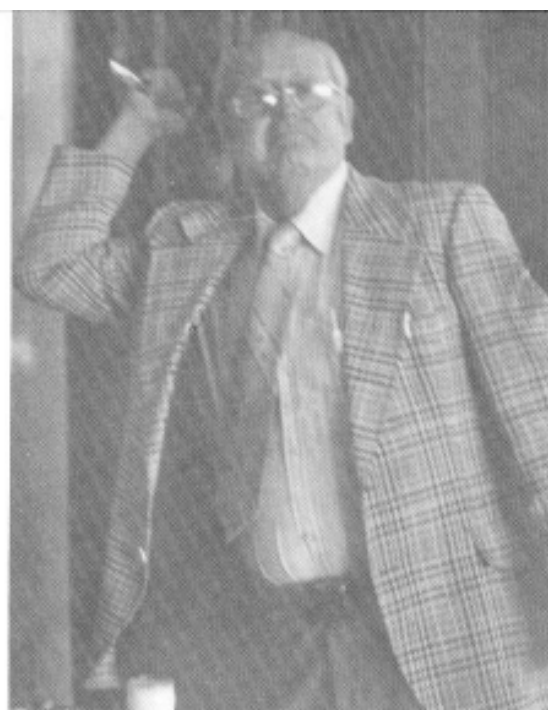

Riding a horse
Petting a dog
A squirrel scampering into
An old hollow log
Sun filtering down through
The branches of trees
Snowshoes and snowmobiles
Toboggans and skis

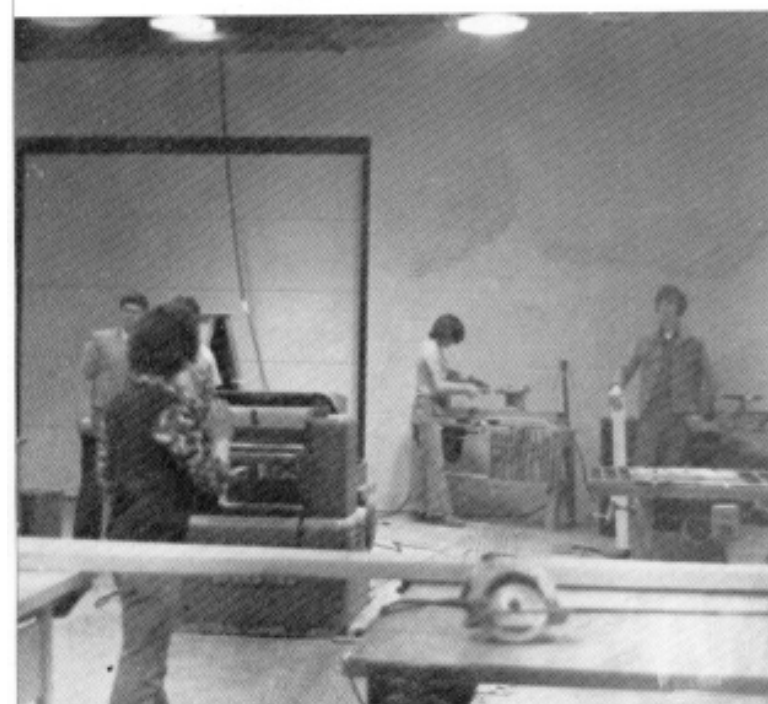

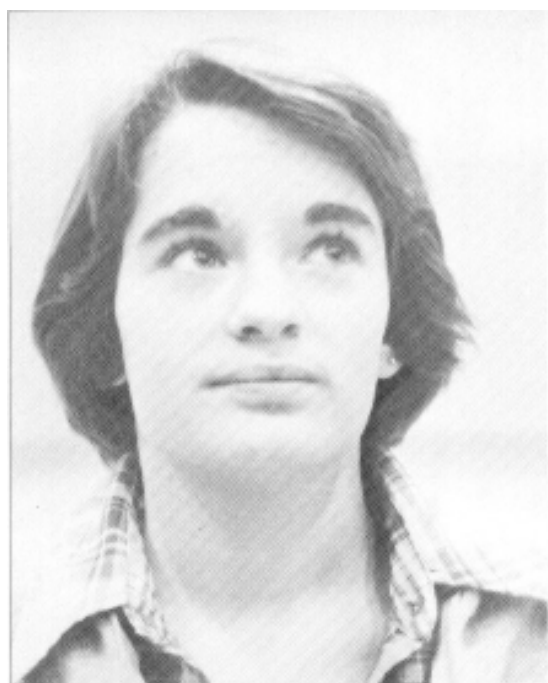

Reading a good book
Watching T. V.
Sniffing a flower
Climbing a tree
Each of these things
Are what I love best
Be it a rainbow
Or a bird in its nest
A park full of swings
All of these are
My favorite things

COUNCIL

Cathy Dickinson, Nola Sherwood, Andrea Fletcher, Barry Craig, Philip Acott.

My year as Student Council President has been full of many exciting happenings but it has gone by much too quickly. Suddenly my first and last year in this "new" school has come to an end. I would like to thank the faculty advisers, Mr. D. Pond and Miss C. Cowper and the executive for their help and guidance.

The only words of wisdom I have to leave to the future Student Council are "The future always arrives before you are ready".

Cathy Dickinson

As president of the "class of '78" I congratulate the graduates and wish each of you success and happiness in the future. I feel there could not have been a better group of students to be the "first" graduating class from the new Woodstock High School.

We appreciate what many people have done to help us reach this goal and to them we say a sincere "Thank You". Our teachers, however, deserve a special thanks for their support and guidance throughout our school years.

We have many memories which I hope will stay with you forever. I know I will never forget the three great years we have spent at W.H.S., especially this lasy year - our year.

Best of luck to everyone in the future.

Kelly McLean

THE SOUND OF MUSIC

It has been a most pleasing and rewarding experience to have had the opportunity to serve as director of the Woodstock High School Band for the past year. The Band has had a very active and successful year and has performed at various public functions, as well as providing musical entertainment for the students of the schools in our district. On behalf of the members of the Band, I would like to express our best wishes to the members of the graduating class, especially the band members who are graduating. My hopes are that you will always find music a pleasant part of your life.
